

TECHMART ELECTRONICS PRICE GUIDE 2026

Version 1.0

Effective Date: January 1, 2026

About This Price Guide

The TechMart Electronics Price Guide serves as the official reference document for the suggested retail pricing of all TechMart products. The pricing information contained within this guide applies to purchases made through TechMart's official website, authorized retail partners, and approved distributors unless otherwise specified.

This guide is intended to provide customers, retail partners, customer service representatives, and technical support teams with a comprehensive overview of the current product pricing structure. It includes the manufacturer's suggested retail price (MSRP), promotional pricing policies, bundle discounts, educational pricing, corporate purchasing options, financing availability, and regional pricing considerations.

Prices listed in this document represent recommended retail values before applicable taxes, shipping charges, import duties, recycling fees, or local government charges. Actual final purchase prices may vary depending on the customer's location, selected payment method, promotional campaigns, and retailer participation.

TechMart Electronics periodically reviews product pricing to reflect market conditions, component availability, manufacturing costs, technological advancements, and seasonal promotions. Updated pricing guides supersede previous editions and become effective on the published revision date.

This document should be read together with the Product Catalog, Warranty Policy, Shipping Policy, Returns and Refund Policy, and Payment Methods Guide to ensure customers understand all costs associated with their purchases.

Pricing Philosophy

TechMart Electronics follows a transparent pricing philosophy designed to deliver long-term value while remaining competitive within the consumer electronics industry.

The company's pricing strategy is based upon several guiding principles:

- Fair and transparent pricing
- Consistent pricing across authorized sales channels
- High value for product performance
- Competitive pricing within each product category
- Regular promotional opportunities

- Educational and business purchasing discounts
- Long-term product support

Rather than relying solely on short-term promotional campaigns, TechMart seeks to maintain stable retail pricing throughout the year while offering scheduled promotional events during major shopping seasons.

Customers purchasing directly from TechMart benefit from official warranty coverage, software support, genuine accessories, and access to authorized service centers.

Laptop Pricing

TechMart laptops are positioned across multiple performance categories to accommodate students, professionals, creators, businesses, and gaming enthusiasts.

Each model includes the standard manufacturer's warranty described in the Warranty Policy document.

AeroBook 14

The AeroBook 14 represents TechMart's entry-level premium ultrabook and is designed to deliver excellent everyday performance at an affordable price point.

Manufacturer's Suggested Retail Price (MSRP)

₹64,999

The listed price includes:

- Laptop Computer
- 65W USB-C Charger
- Power Cable
- User Documentation
- Standard 24-Month Warranty
- Operating System License

Recommended for:

- Students
- Office Professionals
- Remote Workers
- Everyday Home Computing

Educational institutions purchasing more than twenty AeroBook 14 units may qualify for educational pricing under TechMart's Institutional Purchase Program.

Business customers placing volume orders may also receive customized quotations through TechMart Enterprise Sales.

AeroBook Pro 15

The AeroBook Pro 15 is designed for professionals requiring additional computing performance for productivity, development, engineering, business analytics, and creative applications.

Manufacturer's Suggested Retail Price (MSRP)

₹94,999

Included with Purchase

- Laptop
- Premium USB-C Charger
- User Guide
- Warranty Documentation
- Recovery Information
- Standard 24-Month Warranty

The AeroBook Pro 15 qualifies for selected seasonal promotions, financing options, and business purchasing programs offered through TechMart.

Titan Gaming G15

The Titan Gaming G15 provides desktop-class gaming performance in a portable form factor.

Manufacturer's Suggested Retail Price (MSRP)

₹124,999

The purchase package includes:

- Gaming Laptop
- 180W Power Adapter
- Gaming Performance Software
- Warranty Documentation
- Quick Start Guide

Customers purchasing gaming accessories together with the Titan Gaming G15 may qualify for bundle pricing during promotional periods.

Titan Gaming G17

The Titan Gaming G17 serves as TechMart's flagship gaming notebook and offers premium specifications intended for professional gamers and content creators.

Manufacturer's Suggested Retail Price (MSRP)

₹159,999

The package includes:

- Titan Gaming G17
- Premium Gaming Charger
- User Documentation
- Warranty Card
- Gaming Utility Software

Because of its premium configuration, the Titan Gaming G17 is generally excluded from entry-level promotional campaigns but remains eligible for selected financing programs and trade-in offers.

BusinessBook B14

The BusinessBook B14 is designed specifically for enterprise customers, government organizations, educational institutions, and business professionals requiring enhanced security and long-term reliability.

Manufacturer's Suggested Retail Price (MSRP)

₹74,999

Included in Purchase

- BusinessBook B14 Laptop
- USB-C Power Adapter
- User Manual
- Enterprise Documentation
- 36-Month Manufacturer Warranty

Enterprise customers purchasing BusinessBook laptops in large quantities may receive customized pricing based on contract duration, purchase volume, deployment services, and support requirements.

Product Value Analysis

TechMart Electronics aims to deliver products that provide strong value across different customer segments. Pricing reflects a balance between product capabilities, build quality, long-term software support, warranty coverage, and after-sales service.

Customers are encouraged to compare product specifications alongside pricing to determine the model that best fits their requirements. Entry-level products prioritize affordability and essential features, while premium models offer enhanced performance, additional storage, improved displays, and advanced functionality.

For customers with evolving needs, TechMart recommends considering future usage requirements when selecting a product, particularly for laptops and smartphones where higher-end models may offer greater longevity and productivity.

Regional Pricing Policy

TechMart Electronics operates across multiple regions through authorized distributors and retail partners. While the Manufacturer's Suggested Retail Price serves as a reference, final retail prices may vary due to:

- Local taxes and duties
- Import regulations
- Currency exchange rates
- Shipping and logistics costs
- Regional promotional campaigns
- Authorized retailer pricing policies

Customers are advised to purchase products from authorized sellers to ensure eligibility for warranty coverage, software support, and genuine accessories.

Audio Product Pricing

TechMart's audio product lineup is designed to provide customers with high-quality wireless audio solutions across different price segments. Each product undergoes extensive quality testing to ensure reliable connectivity, clear sound reproduction, and long battery life.

All audio products include a standard 12-month limited manufacturer's warranty covering manufacturing defects under normal operating conditions.

AirBuds Lite

The AirBuds Lite are TechMart's entry-level true wireless earbuds, offering dependable sound quality and convenient wireless connectivity for everyday use.

Manufacturer's Suggested Retail Price (MSRP)

Educational Pricing

TechMart Electronics supports educational institutions and students through dedicated pricing programs.

Eligible customers may receive discounts on selected products after successful verification of their educational status. Educational discounts cannot generally be combined with other promotional campaigns unless specifically stated.

The Educational Purchase Program is available to:

- University students
- School students
- Teachers

- Educational institutions
- Research organizations

Discount eligibility and available products may vary by region and promotional period.

Business and Enterprise Pricing

TechMart Electronics offers dedicated pricing programs for businesses, educational institutions, government organizations, and corporate customers. Enterprise pricing is designed to provide cost-effective procurement solutions for organizations purchasing multiple devices while ensuring access to professional support services and deployment assistance.

Volume discounts are determined based on product category, purchase quantity, contract duration, and any additional services selected, such as deployment, asset tagging, device imaging, or extended warranty coverage. Enterprise customers may request customized quotations through the TechMart Enterprise Sales team.

Enterprise Purchase Benefits

Organizations participating in the Enterprise Purchase Program may receive:

- Volume-based pricing discounts.
- Priority order processing.
- Dedicated account management.
- Flexible payment terms for approved customers.
- Optional deployment and configuration services.
- Extended warranty packages.
- Bulk software provisioning.
- Asset labeling and inventory support.
- Priority technical support.

Sample Volume Discount Structure

Purchase Quantity Discount on MSRP

10–24 Units	3%
25–49 Units	5%
50–99 Units	8%
100+ Units	Custom Quotation

Discount percentages shown above are illustrative and may vary depending on product availability, promotional campaigns, and contractual agreements.

Financing Options

To make premium technology more accessible, TechMart Electronics provides financing options through approved banking and financial partners. Financing availability depends on the customer's location, credit approval, and participating financial institutions.

Available payment options may include:

- No-Cost EMI on selected products.
- Standard EMI with applicable interest.
- Credit card installment plans.
- Debit card installment programs (where available).
- Consumer finance loans.
- Buy Now, Pay Later (BNPL) programs through participating providers.

Financing terms are subject to the policies of the respective financial institution. Customers should review all applicable terms, interest rates, processing fees, and repayment schedules before completing a purchase.

Sample EMI Illustration

The following example demonstrates estimated monthly payments for selected products under a hypothetical 12-month no-cost installment plan.

Product	MSRP	Estimated Monthly Payment
AeroBook 14	₹64,999	₹5,417
AeroBook Pro 15	₹94,999	₹7,917
Nova Ultra	₹59,999	₹5,000
Titan Gaming G15	₹124,999	₹10,417

The above figures are provided for illustration only. Actual monthly payments may vary based on financing terms, down payments, taxes, and applicable service charges.

Trade-In Program

TechMart Electronics offers a trade-in program that allows eligible customers to exchange qualifying devices toward the purchase of selected new TechMart products.

Trade-in value depends on several factors, including:

- Device model.

- Age of the device.
- Physical condition.
- Functional status.
- Battery health.
- Included accessories.
- Current market value.

Trade-in devices are inspected by authorized personnel before the final value is confirmed. Quoted estimates are valid only for the period specified during the evaluation process.

Participation in the Trade-In Program is subject to regional availability and additional eligibility requirements.

Seasonal Promotions

Throughout the year, TechMart Electronics may introduce limited-time promotional campaigns offering discounts, bundles, cashback opportunities, or complimentary accessories.

Common promotional periods include:

- New Year Sale.
- Back-to-School Promotion.
- Summer Technology Event.
- Festival Season Offers.
- Anniversary Sale.
- Black Friday.
- Cyber Monday.
- Year-End Clearance.

Promotional pricing is available only during the published campaign period and cannot generally be applied to purchases completed before or after the promotional dates.

Price Protection Policy

Customers who purchase directly from TechMart Electronics may qualify for the Price Protection Program if the price of the same product is officially reduced within a specified period after purchase.

To request a price adjustment, customers must provide:

- Original purchase invoice.
- Order number.
- Proof that the reduced price applies to the identical product purchased through an eligible TechMart sales channel.

Price adjustments are issued in accordance with the Price Protection Policy and may be processed as refunds to the original payment method, store credit, or promotional vouchers, depending on regional policies.

The Price Protection Program does not apply to clearance items, limited-quantity offers, flash sales, refurbished products, or purchases made through unauthorized sellers.

Price Match Policy

In selected regions, TechMart Electronics may offer a Price Match Program for identical products sold by approved authorized retailers.

To qualify, the competing offer must meet all applicable eligibility requirements, including:

- Identical product model.
- Same storage capacity and configuration.
- New and unused condition.
- In-stock availability.
- Authorized retailer status.
- Verifiable advertised price.

Price Match requests must be submitted before completing the purchase or within the time period specified by the applicable regional policy.

Taxes and Additional Charges

Unless otherwise stated, product prices listed within this guide exclude:

- Applicable sales taxes.
- Goods and Services Tax (GST), Value Added Tax (VAT), or equivalent regional taxes.
- Import duties.
- Environmental or recycling fees.
- Shipping charges.
- Installation services.
- Extended warranty plans.

- Optional accessories.
- Insurance coverage.

Customers will be able to review all applicable charges during the checkout process before confirming their purchase.

Frequently Asked Questions

Are the prices listed in this guide final?

The listed prices represent the Manufacturer's Suggested Retail Price (MSRP). Final prices may vary depending on promotions, taxes, shipping charges, and authorized retailer pricing.

Can promotional discounts be combined?

Unless explicitly stated, promotional offers cannot be combined with other discounts, coupons, or educational pricing programs.

Do prices include warranty coverage?

Yes. Every new TechMart product includes the standard manufacturer's warranty applicable to its product category. Extended warranty plans are available separately for eligible devices.

Are accessories included in the listed product prices?

Only the accessories specifically identified in the "Included with Purchase" section are included. Optional accessories are sold separately unless offered as part of a promotional bundle.

Can prices change after publication?

Yes. TechMart Electronics reserves the right to revise pricing to reflect market conditions, exchange rate fluctuations, supply chain costs, product updates, or promotional activities. Updated editions of this Price Guide supersede previous versions.

Customer Support

Customers seeking assistance with pricing, financing, promotional offers, trade-in eligibility, or enterprise quotations may contact TechMart Customer Support through the official support channels.
